

ULTRAHC

DISC BRAKE ROTOR

WE SURPASS OE EVERYTIME

HIGH CARBON ROTOR BENEFITS

- Advanced Metallurgy
- Longer Brake System Life
- High Resistance To Heat
- Safer/Smother Braking
- Quiet Braking Performance
- OE Internal Vane Design
- Machine Balanced
- Extreme Resistance To Judder
- High Resistance To Cracking

The right fit that matches OE to make installation easy every time.

ULTRAHC

ULTRA ROTOR HIGH CARBON

MADE TO EXACTING STANDARDS
WITH THE FINEST MATERIALS!

QUIET, SAFE &
SMOOTH BRAKING
PERFORMANCE WITH HIGH
RESISTANCES TO JUDDER,
THERMAL CRACKING & FADE.

Competitor Standard Rotor

ULTRA HC

*High Amounts of Cracking In
Extreme Driving Conditions.*

*No Signs Of Cracking In
Extreme Driving Conditions.*

**OUR ROTORS DISSIPATE
HEAT QUICKER THAN
REGULAR ROTORS!**
